

McSteen is hiring! We are looking to add a **Land Survey Field Crew Chief** to our team in the **Cleveland, Ohio** area to help manage our growing business. Our intent is to employ a motivated individual who is self-starting, dedicated, and able to work independently, with the proper support and guidance from our existing staff.

The individual will be responsible for Boundary Surveys, Lot Splits, ATLAS, Topographic Surveys, Utility Location, and Construction Staking. This role requires working as a one person crew outdoors using Trimble GNSS/GPS, Trimble Robotic Total Station, and Trimble Data Collector.

You will be working along-side our team of surveying professionals who are both dedicated and appreciated. We pride ourselves on the quality of our work – covering the State of Ohio without the use of subcontractors – preferring the expertise and professionalism of our own staff.

We offer a great work environment. Perks you would enjoy while working here include:

- Participation in annual bonus pool
- Flexible work schedules
- Competitive pay
- Benefits (401k Matching, Medical, and HSA)

Requirements:

- 3-5 Years working as a Field Crew Chief using Robotics Total Stations, GNSS/GPS, Data Collectors
- Willingness to work outside in varying weather conditions as a one person crew
- Strong math/computational (written and verbal) skills
- Experience with Boundary Surveys, ATLAS, Topographic Surveys, and Construction Staking
- Eager to learn and dedicated to the job
- Works well with others

If you are looking for a career and not merely a job – where your ideas are valued and you can make a difference – we are looking for you! We have a great retention rate due to our flexible work environment and the comradery amongst our staff.

We are an equal opportunity employer and value diversity at our company. We do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status.
