

## JavaScript/Angular 2 Full Stack Developer

**McSteen is hiring a Full Stack Web Application Developer!** We are looking for a Full Stack Developer to help us grow and improve our custom in house land surveying software. McSteen is an Ohio based land surveying company, located in Cleveland.

Our goal is to turn our custom software into a new era surveying web/mobile application that will revolutionizing the land surveying industry. With over 10 years of perfecting our current system, we are ready to take it to the next level and want you to be a part of it. This in-office role would be in responsible charge of design change, full development from back end to front end, and being part of the team that brings this groundbreaking software to market. This is an opportunity to work directly with management as the lead programmer – your thoughts, ideas and input are welcomed and encouraged!

**We offer a great work environment. Perks you would enjoy while working here include:**

- Competitive pay
- Participation in annual bonus pool
- Benefits (401k match, Health, Dental)
- Flexible work schedules & friendly relaxing work environment

### **Requirements:**

- A bachelor's or master's degree in software design, engineering computer science or related discipline from accredited college
- Working experience 2+ year in software development preferably JavaScript
- Proficient in languages JavaScript, Angular 2, MySQL, HTML, CSS, AWS – S3/EC2, PHP
- Analytical Skills, attention to detail, works well in teams
- An understanding of software development QA methodologies, tools, and processes

**If you are looking for a great company with opportunity to grow and develop in a friendly environment where your ideas are valued and you can make a difference – we are looking for you!** We have a great retention rate due to our flexible work environment and the comradery amongst our staff.

*We are an equal opportunity employer and value diversity at our company. We do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status.*
